https://wheresteve.codes

Veteran with a rich professional business background transitioning into software engineering focused on front-end web development and UX. Coming from a successful business and military experience, I want to leverage what I've learned to focus on building scalable, accessible user-first products that work.

EDUCATION

Full Stack Serverless Development

OCT 2021

Vets Who Code – Remote

Bachelor of Science, Business Management

DEC 2020

Western Governors University – Salt Lake City, UT

Associate of Applied Science, Aviation Operations

DEC 2013

PROFESSIONAL EXPERIENCE

Open-Source Apprentice

FEB 2019 – Present

Vets Who Code – Remote

- Collaborated with other developers, pair-programmed, and met with maintainers to plan the implementation of the feature.
- Wrote unit tests for all components created to ensure stability and quality of code.
- Completed new feature to the Vets Who Code web app using React/Gatsby that's purpose is to be a searchable tool to help veterans with our skillset find jobs with ease under an intense code review process.

Chief Operations Officer

FEB 2019 – Present

Kwik-Hang – North Attleborough, MA

- Creates operational procedures for shipping, inventory management, and storage which increased productivity and inventory and order accuracy.
- Attends consumer shows to build brand recognition, industry networking, and generate sales on site.
- Utilizes strong tech skills to update and maintain our online stores and shipping, inventory, and analytics software.
- Negotiates rates with all major shipping vendors to benefit the consumer and company.

Warehouse Manager

MAR 2016 – FEB 2019

Overhead Door Company – Stoughton, MA

- Managed seven two-man crews of technicians, trained multiple warehouse personnel, and maintained all company vehicles, equipment, and grounds.
- Quickly made scheduling and job changes on the fly by troubleshooting errors and oversights to satisfy job requirements and deadlines.
- Calculated the billing of completed jobs, processed payments, and acquired all the necessary parts and equipment needed to successfully complete every job.
- Completed OSHA safety training and attended leadership/HR seminars to continue advancing as a manager.

Shipping and Receiving Manager

FEB 2014 – FEB 2016

Phoenix Incorporated – Seekonk, MA

- Arranged transportation of goods optimizing service and cost and obtained mandatory permits or escorts in order to ship over-sized freight all over the world.
- Oversaw all incoming/outgoing shipments to ensure accuracy, completeness, and condition.
- Conducted daily safety checks and maintenance inspections on all material handling equipment to maintain a safe work environment and high equipment uptimes.
- Stored, inspected, and disposed of hazardous waste in order to assure safe handling.

U.S Air Force

MAR 2012 – JULY 2016

- Mathematically planned the correct placement of cargo, passengers, and fuel to ensure the proper center of gravity of the aircraft.
- Supervised and coordinated with customs, agriculture, and other foreign and domestic government agencies as needed to complete the mission.
- Scheduled flight crews based on experience and mission requirements, emphasizing on risk management.
